41. Mollick JA, Cook RG, Rich RR. Class II molecules are specific receptors for staphylococcal enterotoxin A. Science. 1989;244:817-822.

Erratum

In the article by Rosenberg et al entitled “Cancer incidence in persons with Fanconi anemia,” which appeared in the February 1, 2003, issue of Blood (Volume 101:822-826), Figure 1A’s horizontal axis labels should not have contained percent signs, and that axis should have been labeled “Age in Years.” The correct figure appears below.
