

74. Allen S, Bulleid NJ. Calnexin and calreticulin bind to enzymically active tissue-type plasminogen activator during biosynthesis and are not required for folding to the native conformation. Biochem J. 1997;328:113-119.

Erratum

In the article by Amrolia et al entitled “Selective depletion of donor alloreactive T cells without loss of antiviral or antileukemic responses,” which appeared in the September 15, 2003, issue of Blood (Volume 102:2292-2299), 4 author names were missing. Jaroslav Michalek should have been eighth in the author list, Victor Ghetie should have been ninth, John Schlinder should have been thirteenth, and Ellen Vitetta should have been fourteenth.

This byline error was corrected online in departure from print.
Erratum for vol. 102, p. 2292
