REVIEW ARTICLES

Review: Therapy of Chronic Idiopathic Thrombocytopenic Purpura in Adults ..........P. Berchtold and R. McMillan 2309

RAPID COMMUNICATIONS

Delayed Activation of Quiescent Donor Hematopoietic Stem Cells in the Host Marrow Cavity by Anti-Host Monoclonal Antibody .................................................................................. M.W.J. Sadelain and T.G. Wegmann 2325

Platelet-Derived Growth Factor Concentrations in Platelet-Poor Plasma and Urine from Patients with Myeloproliferative Disorders .................................................................................. G.M. Gersuk, R. Carmel, and P.K. Pattengale 2330

CLINICAL INTERVENTION AND THERAPEUTIC TRIALS

HEMATOPOIESIS

Human Granulocyte Colony-Stimulating Factor Specifically Binds to Murine Myeloblastic NFS-60 Cells and Activates Their Guanosine Triphosphate Binding Proteins/Adenylate Cyclase System S. Matsuda, N. Shirafuji, and S. Asano 2343

Recombinant Human Interleukin-3 and Granulocyte-Macrophage Colony-Stimulating Factor Show Common Biological Effects and Binding Characteristics on Human Monocytes......................... M.J. Elliott, M.A. Vadas, J.M. Eglinton, L.S. Park, L. Bik To, L.G. Cleland, S.C. Clark, and A.F. Lopez 2349

Hematopoiesis In Vitro Coexists with Natural Killer Lymphocytes ...............C.M. Niemeyer, C.A. Sieff, B.R. Smith, K.A. Ault, and D.G. Nathan 2376

Lymphotoxin: Stimulation and Regulation of Colony-Stimulating Factors in Fibroblasts M. Akashi, M. Saito, and H.P. Koeffler 2383

Spleen Stromal Cell Lines Selectively Support Erythroid Colony Formation ...N. Yanai, Y. Matsuya, and M. Obinata 2391

HEMOSTASIS AND THROMBOSIS

A Role for Protein Kinase C in the Membrane Fusion Necessary for Platelet Granule Secretion J.M. Gerrard, L.L. Beattie, J. Park, S.J. Israels, A. McNicol, D. Lint, E.J. Cragoe, Jr. 2405

CONTENTS

Inhibition of Autoantibody Binding to Platelet Glycoprotein IIb/IIIa by Anti-Idiotypic Antibodies in Intravenous Gammaglobulin ......................................................P. Berchtold, G.L. Dale, P. Tani, and R. McMillan 2414

Discrimination of Normal and Abnormal Prothrombin and Protein C in Plasma Using a Calcium Ion-Inhibited Monoclonal Antibody to a Common Epitope on Several Vitamin K-Dependent Proteins W.R. Church, F.H. Bhushan, K.G. Mann, and E.G. Bovill 2418

Impaired Catalytic Function of Activated Protein C: A New In Vitro Manifestation of Lupus Anticoagulant E. Marciniak and E.H. Romond 2426

Heterogeneous Phenotypes of Platelet and Plasma von Willebrand Factor in Obligatory Heterozygotes for Severe von Willebrand Disease .........................P.M. Mannucci, A. Lattuada, G. Castaman, R. Lombardi, M.L. Colibretti, N. Ciavarella, and F. Rodeghiero 2433

The C-Terminal Sequences of the γ57.5 Chain of Human Fibrinogen Constitute a Plasmin Sensitive Epitope That Is Exposed in Crosslinked Fibrin ........................................P.J. Haidaris, E.I.B. Peerschke, V.J. Marder, and C.W. Francis 2437

IMMUNOBIOLOGY

Cell-Type-Specific Cytotoxicity of Anti-CD4 and Anti-CD8 Ricin Immunotoxins Against Human Alloreactive T-Cell Clones ......................................................F.M. Uckun, D.E. Myers, J.A. Ledbetter, S.-L. Wee, and D.A. Vallera 2445

Lymphokine-Activated Killer Cell Functions in Patients With Leukemic B-Lymphoproliferative Diseases D. van der Harst, A. Brand, S.A.P. van Luxemburg-Heys, E.M.C. Koo-y-Winkelaar, and J.J. van Rood 2464

The Clinical Significance of Human Immunodeficiency Virus Type 1-Associated Paraproteins V.L. Ng, K.H. Chen, K.M. Hwang, H. Khayam-Bashi, and M.S. McGrath 2471

NEOPLASIA

Modulation, Shedding, and Serum Titers of the Chronic Lymphatic Leukemia-Associated Antigen: Characterization and Clinical Correlations ..............................................G.B. Faguet and J.F. Agee 2493

PHAGOCYTES

Priming of Human Neutrophils with N-Formyl-Methionyl-Leucyl-Phenylalanine by a Calcium-Independent, Pertussis Toxin-Insensitive Pathway ............A.B. Karnad, K.L. Hartshorn, J. Wright, J.B. Myers, J.H. Schwartz, and A.I. Tauber 2519

Identification and Characterization of a Novel Monocyte Subpopulation in Human Peripheral Blood B. Passlick, D. Flieger, and H.W.L. Ziegler-Heitbrock 2527

(Continued on following page)
CONTENTS

(Contents continued)

Post-Transcriptional Regulation of Glutathione Peroxidase Gene Expression by Selenium in the HL-60 Human Myeloid Cell Line.................................................. S. Chada, C. Whitney, and P.E. Newburger 2535

RED CELLS

Molecular Heterogeneity of Glucose-6-Phosphate Dehydrogenase A-................................. E. Beutler, W. Kuhl, J.-L. Vives-Corrons, and J.T. Prchal 2550
Membrane Deformability and the Capacity for Shape Change in the Erythrocyte ........... J.A. Chassis and S.L. Schrier 2562

TRANSPLANTATION

Bone Marrow Donor Registries: The Relation Between Registry Size and Probability of Finding Complete and Partial Matches ........................................ F.A. Sonnenberg, M.H. Eckman, and S.G. Pauker 2569

TRANSFUSION MEDICINE

Prevention of Transfusion-Induced Graft-Versus-Host Disease in Dogs by Ultraviolet Irradiation H.J. Deeg, T.C. Graham, L. Gerhard-Miller, F.R. Appelbaum, F. Schuening, and R. Storb 2592
Absence of Human T-Cell Lymphotropic Virus Type I Coinfection in Human Immunodeficiency Virus-Infected Hemophilic Men .................... M.D. Lairmore, J.M. Jason, T.M. Hartley, R.F. Khabbaz, B. De, and B.L. Evatt 2596

SPECIAL DEPARTMENTS

Announcements .................................................................................................................. 2600
Information for Contributors ........................................................................................... xii

All manuscripts submitted to BLOOD and subsequently accepted for publication will be assessed a $50.00 charge per published page. This charge is necessary to offset the increasing costs of publication.

All manuscripts submitted for consideration for publication in BLOOD should be sent to: Arthur W. Nienhuis, M.D., Editor, BLOOD, The Journal of the American Society of Hematology, 9650 Rockville Pike, Bethesda, MD 20814. For other information, call (301) 571-1895.

The American Society of Hematology certifies that the continuing medical education offering provided by BLOOD, The Journal of The American Society of Hematology, meets the criteria for up to 22 hours of credit in Category 5(a) for the Physician’s Recognition Award of the American Medical Association.
