REVIEW ARTICLES

Review: Stratton Lecture 1989: Thrombosis and Inflammation as Multicellular Processes: Pathophysiologic Significance of Transcellular Metabolism ................................................................. A. J. Marcus 1903

Review: Regulation of Human B-Cell Ontogeny ................................................................. F. M. Uckun 1908

RAPID COMMUNICATIONS

Silent Infections With Human Immunodeficiency Virus Type 1 Are Highly Unlikely in Multitransfused Seronegative Hemophiliacs.............................. J. Gibbons, J. M. Cory, I. K. Hewlett, J. S. Epstein, and M. E. Eyster 1924

CLINICAL INTERVENTION AND THERAPEUTIC TRIALS

Inhibition of Interleukin-2-Induced Tumor Necrosis Factor Release by Dexamethasone: Prevention of an Acquired Neutrophil Chemotaxis Defect and Differential Suppression of Interleukin-2–Associated Side Effects 

Serum Soluble Interleukin-2 Receptor is Associated With Clinical and Pathologic Disease Status in Hairy Cell Leukemia ...... J. M. Richards, R. Mick, J. M. Latta, K. Daly, M. J. Ratain, J. W. Vardiman, and H. M. Golomb 1941

HEMATOPOIESIS

Interleukin-6 (IL-6) Is an Intermediate in IL-1–Induced Proliferation of Leukemic Human Megakaryoblasts M. A. Brach, B. Löwenberg, L. Mantovani, U. Schwulera, R. Mertelsmann, and F. Herrmann 1972

Differentiating Agents Facilitate Infection of Myeloid Leukemia Cell Lines by Monocytotropic HIV-1 Strains K. Kitano, G. C. Baldwin, M. A. Raines, and D. W. Golde 1980

Parvovirus B19-Induced Perturbation of Human Megakaryocytopenesis In Vitro .................. A. Srivastava, E. Bruno, R. Briddell, R. Cooper, C. Srivastava, K. van Besien, and R. Hoffman 1997

CONTENTS

HEMOSTASIS AND THROMBOSIS

Plasmin-Induced Redistribution of Platelet Glycoprotein Ib......................................................A.D. Michelson and M.R. Barnard 2005
Development of Antibodies to Thrombin and Factor V With Recurrent Bleeding in a Patient Exposed to Topical Bovine Thrombin.................................................................J.L. Zehnder and L.K. Leung 2011
Analysis of Platelet Aggregation Disorders Based on Flow Cytometric Analysis of Membrane Glycoprotein IIb-IIIa With Conformation-Specific Monoclonal Antibodies ..M.H. Ginsberg, A.L. Frelinger, S. C-T. Lam, J. Forsyth, R. McMillan, E.F. Plow, and S. J. Shattil 2017
Plasma Thrombomodulin in Health and Diseases.................................................................S. Takano, S. Kimura, S. Ohdama, and N. Aoki 2024
Effects of Therapeutic Doses of Heparin on Thrombolysis With Tissue-Type Plasminogen Activator in Rabbits G. Agnelli, C. Pascucci, B. Cosmi, and G.G. Nenci 2030

IMMUNOBIOLOGY

Induction of In Vitro Graft-Versus-Leukemia Activity Following Bone Marrow Transplantation for Chronic Myeloid Leukemia.................................................................S. Mackinnon, J.M. Hows, and J.M. Goldman 2037
The Effect of Desferrithiocin, an Oral Iron Chelator, on T-Cell Function.........................B.E. Bierer and D.G. Nathan 2052

NEOPLASIA

Detection of Minimal Residual Disease in Acute Lymphoblastic Leukemia Using Immunoglobulin Hypervariable Region Specific Oligonucleotide Probes........O.G. Jonsson, R.L. Kitchens, F.C. Scott, and R.G. Smith 2072
Cell Membrane Expression and Functional Role of the p75 Subunit of Interleukin-2 Receptor in Lymphoproliferative Disease of Granular Lymphocytes...........R. Zambello, L. Trentin, G. Pizzolo, P. Buitan, M. Masciarelli, C. Feruglio, C. Agostini, R. Raimondi, T. Chisesi, and G. Semenzato 2080
Association of bel-1 Rearrangements With Lymphocytic Lymphoma of Intermediate Differentiation L.J. Medeiros, J.H. Van Krieken, E.S. Jaffe, and M. Raffeld 2086
Response Patterns of Hairy Cell Leukemia to B-Cell Mitogens and Growth Factors........B.A. Barut, M.K. Cochrans, C. O'Hara, and K.C. Anderson 2091

PHAGOCYTES

Selective Inhibition of Human Neutrophil Functional Responsiveness by Erbstatin, an Inhibitor of Tyrosine Protein Kinase.......................P.H. Naccache, C. Gilbert, A.C. Caon, M. Gaudry, C.-K. Huang, V.A. Bonak, K. Umezawa, and S.R. McCall 2098

RED CELLS

Molecular and Hematologic Characterization of Scottish-Irish Type (cyb)° Thalassemia .....................R.J. Trent, B.G. Williams, A. Kearney, T. Wilkinson, and P.C. Harris 2132

(Continued on following page)
CONTENTS

(Contents continued)

Permeability Characteristics of Deoxygenated Sickle Cells ..............................................M. R. Clark and M. E. Rossi 2139

TRANSPLANTATION

Transplantation Potential of Peripheral Blood Stem Cells Induced by Granulocyte Colony-Stimulating Factor
G. Molineux, Z. Pojda, I.N. Hampson, B.I. Lord, and T.M. Dexter 2153

TRANSFUSION MEDICINE

Evaluation of Leukocyte Removal Filters Modelled by Use of HIV-Infected Cells and DNA Amplification
B.D. Rawal, R. Schwadron, M.P. Busch, R. Endow, and G.N. Vyas 2159

CORRESPONDENCE

Identity of Wegener’s Autoantigen (P29) With Proteinase 3 and Myeloblastin ........................................... 2162
Desferoxamine Provocative Test: Methodology for Estimating Iron and Total Iron Binding Capacity 2162
Peripheral T-Cell Lymphoma Associated With Hemophagocytic Syndrome and Hemophagocytic
Lymphohistiocytosis of Children: Do They Share Something? ................................................................. 2163
A β-Thalassemia Carrier With Normal Sequence Within the β-Globin Gene ........................................... 2164

SPECIAL DEPARTMENTS

Announcements ................................................................................................................................. 2166
Information for Contributors ......................................................................................................... xxxiv

All manuscripts submitted to BLOOD and subsequently accepted for publication will be assessed a $50.00 charge per published page. This charge is necessary to offset the increasing costs of publication.

All manuscripts submitted for consideration for publication in BLOOD should be sent to: Arthur W. Nienhuis, M.D., Editor, BLOOD, The Journal of the American Society of Hematology, 9650 Rockville Pike, Bethesda, MD 20814. For other information, call (301) 571-1895.

The American Society of Hematology certifies that the continuing medical education offering provided by BLOOD, The Journal of The American Society of Hematology, meets the criteria for up to 22 hours of credit in Category 5(a) for the Physician’s Recognition Award of the American Medical Association.

The Editors of the journal Blood
wish to thank Amgen
for its educational grant, which
provided support for additional
editorial pages in this issue.
