**Pediatric Hematologist**

Division of Hematology, Oncology, and Blood and Marrow Transplantation

The Division of Hematology, Oncology and Blood and Marrow Transplantation in the Department of Pediatrics at The Ohio State University located at Nationwide Children's Hospital in Columbus, Ohio is seeking a Board certified/Board Eligible Pediatric Hematologist to join our hematology team. The candidate should have a clinical interest in cytopenias, bone marrow failure, and immunohematology.

Our hematology program includes active programs in cytopenias/bone marrow failure and immunohematology/host defense. As well as comprehensive hemostasis/thrombosis programs with a federally recognized hemophilia treatment center, anticoagulation clinic, heavy menstrual bleeding clinic and one of only three- 4th year fellowships in hemostasis/thrombosis. Additionally we have robust hemoglobinopathy/thalassemia programs that include comprehensive clinics, hydroxyurea clinics and chronic apheresis services.

The Clinical Division consists of thirty-one physicians and physician-scientists, twenty advanced practice nurses, thirty psychosocial/child life providers and twenty-five clinical research office staff all organized into disease-focused teams. We are part of the Ohio State University Department of Pediatrics and our Division is the pediatric arm of the Ohio State University Comprehensive Cancer. We were ranked #8 nationally by US News and World Report in 2016.

Inquiries and nominations are encouraged. Please submit your CV via email to: Timothy.Cripe@NationwideChildrens.org and Amy.Dunn@NationwideChildrens.org

All inquiries and referrals will remain confidential.
