The VA Portland Health Care System in Portland, Oregon is recruiting a Section Chief of Hematology-Oncology. The Portland VA is affiliated with Oregon Health & Science University (OHSU) and the incumbent will hold a joint faculty position in OHSU's Knight Cancer Institute (KCI). The Portland VA shares a hematology-oncology fellowship program with OHSU and ranks 7th nationwide among VAs in grant support.

The Chief of Hematology-Oncology supervises 8 full time hematologist-oncologists, 30 nurse practitioners, nurses, and ancillary staff, and the chemotherapy program. The Portland VA serves as the referral center for all hematology-oncology patients in Oregon, Idaho, Southern Washington, Northern California, and Alaska.

The VA seeks a leader with academic accomplishments in the field and expertise in management of a VA-academic affiliate collaboration, supporting clinical care, research and education. The Chief is encouraged to continue ongoing research activities, to integrate research with KCI, and to preserve the reputation of the Portland VA for teaching and research excellence in hematology-oncology.

Applicants are invited to send a cover letter and CV to Dr. Elizabeth Allen, VA Section Chief, General Medicine at Elizabeth.allen@va.gov by November 1st, 2017.

The Hematology/Oncology Division of the Department of Medicine at the University of California, Irvine (UCI) is seeking candidates for clinical faculty members with interests in benign hematologic disorders. Capacity to care for a segment of malignant hematology is desirable. The position is in the Health Sciences Clinical Series, at the level of Associate, Assistant or full Professor in the non-tenure clinician-educator track, depending upon the candidate’s qualifications, experience, and achievements. Strong candidates with a defined clinical, teaching, and scholarly/clinical/translational research focus are encouraged to apply. UC Irvine is home to one of 48 NCI designated comprehensive cancer centers and one of only 23 institutions also holding a Clinical Translational Science Award. Applicants must hold an M.D. or equivalent degree with ABIM certification, be eligible for ABIM subspecialty certification in medical oncology and hematology, and possess or be eligible to obtain an active medical practice license in the State of California. The successful candidate(s) will be responsible for managing ambulatory and hospitalized patients with a wide spectrum of benign hematologic diseases, potentially also join the malignant hematology team, and will be expected to engage in clinical research and clinical education.

To apply for this position (JPF04010), please use the online UCI Recruit system at https://recruit.ap.uci.edu/apply/JPF04010.

The Department of Medicine’s Division of Hematology/Oncology at the University of Virginia is seeking candidates for an Open Rank (Assistant, Associate or Professor) clinical faculty position with a specialty focus on Bone Marrow/Stem Cell Transplantation. Rank and track is dependent upon qualifications.

Candidates must have a MD or equivalent, be board-certified in Internal Medicine, and be Board-Eligible or Board-Certified in Hematology by appointment start date. Evidence of expertise in care of patients needing bone marrow/stem cell transplantation is required.

The incumbent will attend on inpatient and outpatient hematologic malignancy services and participate in multidisciplinary team care and clinical research within the UVA Cancer Center and the Department of Medicine. As an integral part of the educational mission s/he will also actively participate in the teaching of fellows, residents and medical students in malignant hematology.

The program is rapidly growing and is approved for matched unrelated allogeneic stem cell transplants by the National Marrow Donor Program (NMDP) and is accredited by the Foundation for the Accreditation of Cellular Therapy (FACT).

Position will remain open until filled.

The University of Virginia, Department of Medicine's Division of Hematology/Oncology as well as the School of Medicine, Cancer Center and Medical Center (Magnet-designated) are ranked among the best in the U.S. and offer a very collegial environment in a beautiful University town. Charlottesville, located at the foothills of the Blue Ridge Mountains, is ranked as one of the best places to live in the United States by Money Magazine and USA Today.

To apply, visit https://jobs.virginia.edu and search on Posting Number 0620385. Complete a Candidate Profile online, attach a cover letter, curriculum vitae, letter of research interest, and contact information for three references. Tenure-ineligible positions may be eligible to convert to tenure-eligible at an appropriate time in the future, consistent with School of Medicine Promotion and Tenure guidelines and candidate qualifications.

For additional information about the position, please contact Karen K. Ballen, M.D., Section Chief for Hematologic Malignancies and Stem Cell Transplant, Division of Hematology/Oncology, via email at kb3tc@virginia.edu or telephone: 434-297-5026.

For further information regarding the application process, please contact Sally Jackson, sj7g@virginia.edu or 434-982-6513.

The University of Virginia is an equal opportunity and affirmative action employer. Women, minorities, veterans, and persons with disabilities are encouraged to apply.
