FACULTY POSITIONS, RESEARCH IN HEMATOLOGICAL MALIGNANCIES
Division of Hematology/Oncology

The Division of Hematology and Oncology in the School of Medicine, Department of Medicine at the University of Alabama at Birmingham (UAB), as part of its ongoing expansion, seeks to build a program of excellence in Hematological Malignancies, and to translate novel discoveries from the laboratory to the clinic. We invite applications for faculty positions at the Assistant, Associate or full Professor level, commensurate with experience. Potential areas of research emphasis include identification of key molecular and cellular mechanisms of transformation and drug resistance, identification of therapeutic targets and development of molecularly targeted therapies; and hematopoietic stem cell therapeutics. This program will complement our clinical Hematological Malignancies and Hematopoietic Cell Transplantation Program.

The Division has over 40 faculty members and is rapidly expanding its clinical and translational research and educational activities with heavy investment from the Department, School, and Cancer Center. The UAB NCI-funded Comprehensive Cancer Center is one of the nation’s leading cancer research and treatment centers. The Birmingham area provides a metropolitan lifestyle, excellent schools, comfortable climate, and low cost of living. UAB provides competitive salaries and generous benefit packages.

Candidates should have a Ph.D. or M.D. degree, postdoctoral experience, and the potential to establish, or to have established, an independent research program. Applicants should submit curriculum vitae, a statement of research interests and plans, and the names, addresses and telephone numbers of three references.

Interested individuals should apply online at http://uab.peopleadmin.com/postings/3314

A pre-employment background investigation is performed on candidates selected for employment. Physicians and other clinical faculty candidates who will be employed by the University of Alabama Health Services Foundation (UAHSF) or other UAB Medicine entities, must successfully complete a pre-employment drug and nicotine screen to be hired.

UAB is an Equal Opportunity/Affirmative Action Employer committed to fostering a diverse, equitable and family-friendly environment in which all faculty and staff can excel and achieve work/life balance irrespective of, race, national origin, age, genetic or family medical history, gender, faith, gender identity and expression as well as sexual orientation. UAB also encourages applications from individuals with disabilities and veterans.

Main Line Health’s Lankenau Medical Center is seeking a Hematologist to join a busy and well-established practice located on the hospital campus.

Opportunity and Qualifications:
- Interest in clinical care including malignant and non-malignant hematology
- Must have an interest in teaching
- Interest in clinical research a plus
- Experience preferred

Benefits and Lifestyle:
- Affiliation with a top ranked, financially secure hospital system
- Area well known for top ranked public and private schools and Universities
- Less than 30 minute drive to center-city and historic metropolitan Philadelphia
- Wonderful cultural opportunities, unparalleled life-style
- Short drive to beaches, mountains, New York City and Washington, DC

Send CV to:
Rose Caione, Physician Recruiter, caione@mlhs.org

Get advice on difficult cases from specialists in the field.

Consult a Colleague

The Consult-a-Colleague program is an ASH member benefit that facilitates the exchange of information and treatment strategies between ASH members and volunteer specialists in the following categories:

- Anemias
- Hemoglobinopathies
- Hematopoietic Cell Transplantation
- Hemostasis,Thrombosis
- Leukemias
- Lymphomas
- Lymphoproliferative Disorders
- Multiple Myeloma & Waldenström Macroglobulinemia
- Myeloproliferative Disorders
- Myelodysplastic Syndromes
- Thrombocytopenias

Submit a request at www.hematology.org/consult and receive a response within two business days.
