BONE MARROW AND STEM CELL TRANSPLANT

Section Chief, Bone Marrow Transplant and Cell Therapy

at the associate or professor level, who is an experienced clinician demonstrating knowledge and innovation in the field of bone marrow transplantation. The Section Chief will specifically participate in direct patient care, teaching, research, and program administration to maintain current accreditations for cellular therapies and national cooperative group memberships to facilitate the further advancement of a well-established clinical program in bone marrow transplant and cell therapy. The successful candidate will possess professional qualifications that include: Hematology, Oncology or Hematology/Oncology training with board certification, MD or MD/PhD (or equivalent), and have experience in clinical and translational research. In addition, the successful candidate is a creative leader with a strong record of collaborative leadership and commitment to academic excellence. Candidates who have active ongoing clinical/translational research programs and some administrative experience are preferred.

Hematologist or Hematologist/Oncologist to join its adult SCT-CT program faculty at the assistant or associate professor level. The successful candidate will possess professional qualifications that include: Hematology training with board certification/eligibility, MD or MD/PhD (or equivalent), documented clinical SCT training and/or significant experience in the field of SCT-CT, and have experience in clinical and translational research.

HEMATOLOGY

Hematologist or Hematologist/Oncologist with experience in lymphoma, at the assistant or associate or professor level. The successful candidate will be board certified/eligible in Hematology, have an MD or MD/PhD (or equivalent), and have experience in clinical and translational research.

Interested candidates, please address your CV and cover letter to: Timothy M. Kuzel MD, FACP, Chief, Division of Hematology, Oncology and Cell Therapy and Professor of Medicine, Rush University Medical Center and send via email to Rose Sprinkle, Manager, Faculty Recruitment, at Rose_Sprinkle@rush.edu

Rush University Medical Center is an equal opportunity employer.

The Department of Lymphoma/Myeloma, is recruiting for a professor, term tenure-track with active clinical research interests related especially to Lymphoma. Physicians with clinical expertise in Lymphoma/ Myeloma and strong clinical and/or translational research interests in Lymphoma are encouraged to apply. Faculty rank and tenure status will be consistent with experience. The successful candidate will have the opportunity to participate in ongoing clinical and translational research with world-class physician scientists within The University of Texas MD Anderson Cancer Center. The program is comprised of dynamic, interdisciplinary, leading clinicians and researchers dedicated to improving prevention, detection, diagnosis, and treatment of Lymphoma. Candidates with an interest in both lymphoma and plasma cell dyscrasias are encouraged to apply, as well. Based in part on their level of experience, the selected candidate would have the opportunity to assist with mentoring junior faculty, fellows, and other trainees, assume some administrative duties, and contribute to the overall mission of the Department and the greater Institution. Refer to the Department of Lymphoma/Myeloma web page for additional information.

The successful candidate will also have a background that demonstrates his/her ability to work synergistically with both laboratory-based and clinical faculty. Applicants should possess excellent writing and communication skills as evidenced by peer-reviewed publications, presentation skills for professional meetings, and demonstrated ability to obtain extramural funding for clinical or translational research.

MD Anderson Cancer Center offers many opportunities in a growing and vibrant research, clinical, and training environment.

Salary range is competitive and based on the applicant's qualifications. Please send a letter of intent, curriculum vitae, three to five reference letters, and a brief summary of previous clinical endeavors, research accomplishments and future clinical and research aims to:

Kim Corbett, MBA Department Administrator, The University of Texas MD Anderson Cancer Center 1515 Holcombe Boulevard Houston, TX 77030 Email: kacorbett@mdanderson.org

MD Anderson Cancer Center is an equal opportunity employer and does not discriminate on the basis of race, color, religion, age, national origin, sex, sexual orientation, gender identity/expression, disability, veteran status, genetic information, or any other basis protected by federal, state, or local laws, unless such distinction is required by law. All positions at The University of Texas MD Anderson Cancer Center are security sensitive and subject to examination of criminal history record information. Smoke-free and drug-free environment.
